## INDEX TO SUBJECTS\*

### A

**Abdominal aortic aneurysm; see Aortic aneurysm, abdominal**

#### Abdominal injuries

Blunt abdominal trauma resulting in pneumatisis intestinalis in an infant (Koutouzis and Lee). 2000;36:619-21 (Case report)

Can clinical signs and symptoms predict computed tomographic abnormalities in blunt abdominal trauma? (Haydel et al). 2000;36:S45-S46 (Research Forum abst.)

#### Abdominal pain

Are diagnostic testing and admission rates higher in non-English-speaking versus English-speaking patients in the emergency department? (Waxman and Levitt). 2000;36:456-61

Clinical policy: critical issues for the initial evaluation and management of patients presenting with a chief complaint of nontraumatic acute abdominal pain (American College of Emergency Physicians). 2000;36:406-15 (Clinical policy)

Comparison of the analgesic efficacy of morphine with meperidine in acute biliary tract pain (Barlas et al). 2000;36:S68 (Research Forum abst.)

A comparison trial of observation centers for abdominal pain: emergency department–based observation centers safely reduce management time, cost, and improve efficiency versus similar inpatient observation units (Robinson and Gullin). 2000;36:S8 (Research Forum abst.)

Prevalence of abdominal pain in women with *Trichomonas* (Galletta et al). 2000;36:S82 (Research Forum abst.)

#### Abstracts

Abstracts. 2000;36:82-6, 172-5, 282-5, 401-5, 538-45, 638-42

#### Academic medical centers

Crisis at America's teaching hospitals (Baxt). 2000;36:145-8

Impact of changes in Health Care Financing Administration documentation requirements on academic emergency medicine: results of a physician survey (McLean and Feldman). 2000;36:S29-S30 (Research Forum abst.)

Is there a doctor in the house? Sick-call coverage for the academic emergency physician: results of a national survey (Dave et al). 2000;36:S11-S12 (Research Forum abst.)

Observation medicine in academic emergency departments (Mace and Shah). 2000;36:S74 (Research Forum abst.)

Meeting abstracts are located in the following issue:

October Supplement (ACEP Research Forum; pp. S1-S96)

\*July, pp. 1-88; August, pp. 89-180; September, pp. 181-292; October, pp. 293-416; November, pp. 417-542; December, pp. 543-684.

A survey of academic departments of emergency medicine regarding operation and clinical practice (Counselman et al). 2000;36:446-50

**Access to health care; see Health services accessibility**

#### Accident prevention

Female trauma patients in the emergency department: should their injury prevention programs be different? (Seow et al). 2000;36:S23 (Research Forum abst.)

**Accident prevention; see also Accidents, traffic, prevention and control**

#### Accidents, traffic

Adults and children in severe motor vehicle crashes: a matched-pairs study (Cornelli et al). 2000;36:340-5

Association of air bags with pregnancy-related injuries sustained by restrained occupants in motor vehicle crashes (Adonizio et al). 2000;36:S81-S82 (Research Forum abst.)

Blunt carotid injuries: "the seatbelt hickey" (Gilbert and Morrison). 2000;36:S26 (Research Forum abst.)

Emergency medicine resident–related auto crashes: is sleep deprivation a risk factor? (Kowalenko et al). 2000;36:S65 (Research Forum abst.)

Outcomes associated with private vehicle and ambulance transport of motor vehicle crash victims to trauma centers (Dula et al). 2000;36:S77 (Research Forum abst.)

Patterns of seatbelt use among emergency department patients presenting after minor motor vehicle crashes (Lyons et al). 2000;36:S22 (Research Forum abst.)

The problem of pediatric all-terrain vehicle injuries (Humphries et al). 2000;36:S22 (Research Forum abst.)

Shorter patient leg lengths are not associated with increased cumulative, weighted injury scores in patients whose air bags deployed in motor vehicle crashes (Chambers et al). 2000;36:S26 (Research Forum abst.)

#### Accidents, traffic, mortality

Motor vehicle crash fatalities: a comparison of Hispanic and non-Hispanic motorists in Colorado (Harper et al). 2000;36:S89-96

Motor vehicle fatalities among Hispanics (March et al). 2000;36:S23 (Research Forum abst.)

#### Accidents, traffic, prevention and control

Commentary: Disease control and crash injury—modifying host risk factors (Runge). 2000;36:165-6 (NHTSA Notes Commentary)

Medical conditions and driver crash risk: do license restrictions affect public safety? (National Highway Traffic Safety Administration). 2000;36:164-5 (NHTSA Notes)

School bus safety (American College of Emergency Physicians). 2000;36:179 (Policy statement)

Training physicians about impaired drivers (National Highway Traffic Safety Administration). 2000;36:628-9 (NHTSA Notes)

Trying hard or doing good? (Martinez). 2000;36:624-6 (Editorial)

#### Accidents, traffic; see also Automobile driving Acetaminophen

Acetaminophen overdose: comparison between continuous and intermittent intravenous *N*-acetylcysteine 48-hour protocols (Dougherty et al). 2000;36:S83 (Research Forum abst.)

Preliminary comparison of antipyretic medications in febrile pediatric patients (Mace). 2000;36:S28 (Research Forum abst.)

#### Acetylcysteine

Acetaminophen overdose: comparison between continuous and intermittent intravenous *N*-acetylcysteine 48-hour protocols (Dougherty et al). 2000;36:S83 (Research Forum abst.)

*N*-Acetylcysteine does not improve the myocardial bioenergetic state or left ventricular function during ischemia and reperfusion (Klawitter and Angelos). 2000;36:S90 (Research Forum abst.)

#### Acid-base equilibrium

Effect of ethanol intoxication on acid-base status after trauma (Lucchesi et al). 2000;36:S45 (Research Forum abst.)

#### Adenosine

New method for treatment of paroxysmal supraventricular tachycardia (Kim et al). 2000;36:S73 (Research Forum abst.)

#### Administrative personnel

The CAL/ACEP Workforce Taskforce Registry: physician administrators and equitability of distribution of undesirable shifts (Kazzi et al). 2000;36:S12 (Research Forum abst.)

#### Adolescence

Adolescent rage: an underreported epidemic (Specht et al). 2000;36:S48 (Research Forum abst.)

Adolescents, the emergency department, and health risk behaviors: is the emergency department an appropriate site for intervention? (Hamilton et al). 2000;36:S48 (Research Forum abst.)

Comparison of gun accessibility of victims of violence to other youth presenting to an emergency department: a pilot study (Zun et al). 2000;36:S42 (Research Forum abst.)

Comparison of three data collection methods to assess youth violence (Lozanovskaya et al). 2000;36:S43 (Research Forum abst.)

Demographic analysis of youth violence in an urban emergency department (Lozanovskaya et al). 2000;36:S42-S43 (Research Forum abst.)

Gun attitudes of youth treated in an emergency department (Zun et al). 2000;36:S42 (Research Forum abst.)

Impact of an emergency department–based violence prevention program on adolescents' attitudes and beliefs toward violence: VIP (Violence Is Preventable) tour (McMahon et al). 2000;36:S42 (Research Forum abst.)

Opportunistic urine ligase chain reaction screening for sexually transmitted diseases in adolescents seeking care in an urban emergency department (Embling et al). 2000;36:28-32

Teenagers' perceptions of personal safety and the role of the emergency health care provider (Dowd et al). 2000;36:346-50

#### **Adrenal cortex hormones**

Inhaled corticosteroids for acute asthma after emergency department discharge (Rowe and Edmonds). 2000;36:477-80 (Editorial)

Randomized trial of inhaled fluticasone versus placebo among asthmatic patients discharged from the emergency department (Brenner et al). 2000;36:417-26

#### **Adrenergic beta-agonists**

Administration of nebulized albuterol by basic emergency medical technicians in the out-of-hospital environment (Richmond et al). 2000;36:S86 (Research Forum abst.)

Continuous versus intermittent  $\beta$ -agonists for acute asthma: a systematic review (Camargo et al). 2000;36:S86 (Research Forum abst.)

Continuous versus intermittent nebulization of salbutamol in acute severe asthma: a randomized, controlled trial (Besbes-Ouanes et al). 2000;36:198-203

Easier breathing? (Cydulka). 2000;36:236-8 (Editorial)

Localized myocardial ischemic preconditioning results in global cardiac instability (Summers et al). 2000;36:S3 (Research Forum abst.)

Wet nebulizers are preferred over metered-dose inhalers with spacer for the delivery of  $\beta$ -agonist therapy in the pediatric acute asthmatic: investigation to establish physician bias (Parsapour et al). 2000;36:S27-S28 (Research Forum abst.)

#### **Advance directives**

Can we talk? Perceived deficiencies in physician-patient communication regarding cardiopulmonary resuscitation (Marco and Schears). 2000;36:S63 (Research Forum abst.)

Emergency medical services providers and advance directives (Sayah and Hutson). 2000;36:S64 (Research Forum abst.)

#### **Age groups**

Adults and children in severe motor vehicle crashes: a matched-pairs study (Cornelli et al). 2000;36:340-5

Comparison of helicopter transport of pediatric and adult trauma patients (Burgess and Kotch). 2000;36:S76 (Research Forum abst.)

Comparison of pediatric versus adult observation medicine patients (Mace). 2000;36:S74 (Research Forum abst.)

Correlates of emergency department analgesic use by race, age, gender, and severity: use of a national database (Salen et al). 2000;36:S8 (Research Forum abst.)

#### **Aged**

Are specialist interventions underutilized in the care of delirious geriatric patients admitted from the emergency department? (Salen et al). 2000;36:S36 (Research Forum abst.)

Can an emergency department ultrasound screening program identify abdominal aortic aneurysms in asymptomatic geriatric patients? (Melanson et al). 2000;36:S21 (Research Forum abst.)

Centenarians in the emergency department: a previously undefined population (Peter). 2000;36:S35-S36 (Research Forum abst.)

Injured elderly patients: patterns of care in trauma centers and nontrauma centers (Lane et al). 2000;36:S25-S26 (Research Forum abst.)

Prediction of hospital utilization among elderly patients during the 6 months after an emergency department visit (McCusker et al). 2000;36:438-45

Primary angioplasty versus streptokinase in elderly patients with acute myocardial infarction: a randomized comparison (Leite et al). 2000;36:S15 (Research Forum abst.)

Reporting of suspected elder abuse or neglect by emergency medical services personnel (Sayah et al). 2000;36:S43 (Research Forum abst.)

#### **Agriculture**

Morbidity and mortality of agricultural trauma in the state of Pennsylvania (Feese et al). 2000;36:S25 (Research Forum abst.)

#### **Air ambulances**

Aeromedical FAST by nonphysicians with a miniature ultrasound unit (Melanson et al). 2000;36:S21 (Research Forum abst.)

Comparison of helicopter transport of pediatric and adult trauma patients (Burgess and Kotch). 2000;36:S76 (Research Forum abst.)

Effect of fentanyl on end-tidal carbon dioxide in air-transported patients (Harrison et al). 2000;36:S53 (Research Forum abst.)

Effects of helicopter cabin size on the completion of in-flight aeromedical procedures (Morgan and Perina). 2000;36:S76-S77 (Research Forum abst.)

Efficacy of etomidate as a sole agent for emergency endotracheal intubation in the out-of-hospital aeromedical setting (Bozeman et al). 2000;36:S52 (Research Forum abst.)

Emergency residents' views of air medical transport in residency training (Milzman et al). 2000;36:S59 (Research Forum abst.)

Helicopter versus ambulance transport of patients with penetrating trauma (Dula et al). 2000;36:S76 (Research Forum abst.)

Hurricane Floyd's impact on the air medical mission (Sahni et al). 2000;36:S38 (Research Forum abst.)

Inverse intubation in air medical transport (Donaghy et al). 2000;36:S76 (Research Forum abst.)

Transport interval from a rooftop helipad to the trauma resuscitation room (Lerner and Billittier). 2000;36:S77 (Research Forum abst.)

Up in the night: intubation success rates by air ambulance personnel during 12- versus 24-hour shifts. Does fatigue make a difference? (Allen and Delbridge). 2000;36:S66 (Research Forum abst.)

#### **Air bags**

Assessment of patients' attitudes and understanding of the safety of car seats and air bags (Rotter et al). 2000;36:S22 (Research Forum abst.)

Association of air bags with pregnancy-related injuries sustained by restrained occupants in motor vehicle crashes (Adonizio et al). 2000;36:S81-S82 (Research Forum abst.)

Shorter patient leg lengths are not associated with increased cumulative, weighted injury scores in patients whose air bags deployed in motor vehicle crashes (Chambers et al). 2000;36:S26 (Research Forum abst.)

#### **Airway obstruction, therapy**

Decisionmaking in airway management: do paramedics and emergency physicians agree on the correct approach? (Wang et al). 2000;36:S53 (Research Forum abst.)

A randomized controlled trial on the effect of educational interventions in promoting airway management skill maintenance (Kovacs et al). 2000;36:301-9

Telephone-assisted Heimlich maneuver (Lapostolle et al). 2000;36:171 (Letter)

**Airway obstruction, therapy; see also Intubation, intra-tracheal**

#### **Airway resistance**

Peak flow does not accurately reflect airway resistance in adult patients with asthma (Adkisson et al). 2000;36:S4 (Research Forum abst.)

#### **Akathisia; see Psychomotor agitation**

#### **Albuterol**

Administration of nebulized albuterol by basic emergency medical technicians in the out-of-hospital environment (Richmond et al). 2000;36:S86 (Research Forum abst.)

Continuous versus intermittent nebulization of salbutamol in acute severe asthma: a randomized, controlled trial (Besbes-Ouanes et al). 2000;36:198-203

Easier breathing? (Cydulka). 2000;36:236-8 (Editorial)

#### **Alcoholic intoxication**

Effect of ethanol intoxication on acid-base status after trauma (Lucchesi et al). 2000;36:S45 (Research Forum abst.)

Elevation of breath alcohol measurements by alcohol-containing breath sprays (Svengouk and Wax). 2000;36:S5-S6 (Research Forum abst.)

Prospective determination of paramedic ability to appropriately triage destination for alcohol-intoxicated patients using standardized criteria (Gratton et al). 2000;36:S18 (Research Forum abst.)

#### **Alcoholism**

Acceptability of screening and brief intervention for alcohol problems among young adults in a rural university emergency department (Hungerford et al). 2000;36:S23 (Research Forum abst.)

Alcohol/substance abuse screening and discharge instruction utilization in emergency physician practices (Broderick et al). 2000;36:S71 (Research Forum abst.)

Commentary: screening for alcohol use disorders—barriers and excuses (Runge). 2000;36:629-30 (NHTSA Notes Commentary)

Training physicians about impaired drivers (National Highway Traffic Safety Administration). 2000;36:628-9 (NHTSA Notes)

#### **Allergy; see Hypersensitivity**

#### **Allied health personnel**

Automatic external defibrillator training and skill retention at a ski patrol (Usatch and Cone). 2000;36:S37 (Research Forum abst.)

Comparative analysis of radiograph interpretation by nurse practitioners, emergency physicians, and radiologists (Hardesty and Flaherty). 2000;36:S40 (Research Forum abst.)

Firefighter illnesses and injuries at a major fire disaster (Gallanter and Bozeman). 2000;36:S18 (Research Forum abst.)

Prevalence of hepatitis C antibody in a population of fire rescue workers (Dailey et al). 2000;36:S67 (Research Forum abst.)

**Allied health personnel; see also Emergency medical technicians**

#### **Alternative medicine**

Alternative medicine therapy use among critically ill patients presenting for emergency care (Milzman et al). 2000;36:S84 (Research Forum abst.)

Attitude of users of herbal medicine who present to an emergency department (Holubek et al). 2000;36:S84 (Research Forum abst.)

Caveat emptor: revisited (Challoner and Liboon). 2000;36:S84 (Research Forum abst.)

#### **Aluminum**

Twist bottle tops not a significant source of aluminum toxicity in intravenous drug abusers (Crockett and Ales). 2000;36:S85 (Research Forum abst.)

#### **Ambulances**

Accuracy of an out-of-hospital triage rule to detect unnecessary emergency medical services transports (Zalenski et al). 2000;36:S19 (Research Forum abst.)

Does the interfacility ground transport of patients with intra-aortic balloon pumps result in morbidity or mortality? (Penner et al). 2000;36:S77 (Research Forum abst.)

Effect of a secondary dispatch center on the dispatch to ambulance en route time interval (Lerner et al). 2000;36:S18 (Research Forum abst.)

Guidelines for ambulance diversion (Brennan et al). 2000;36:376-7 (Concepts)

Helicopter versus ambulance transport of patients with penetrating trauma (Dula et al). 2000;36:S76 (Research Forum abst.)

Is time of percutaneous transluminal coronary angioplasty for acute myocardial infarction dependent on mode of trans-

portation to the emergency department? (Kugler et al). 2000;36:S77 (Research Forum abst.)

**Objective quantification of consistency in using bag-valve-mask ventilation in a simulated patient during a prolonged inter-hospital transport: preliminary findings** (Minczak et al). 2000;36:S87-S88 (Research Forum abst.)

**Outcomes associated with private vehicle and ambulance transport of motor vehicle crash victims to trauma centers** (Dula et al). 2000;36:S77 (Research Forum abst.)

**Outcomes in emergency medical services—transported concert attendees** (Quinn and Chan). 2000;36:S78 (Research Forum abst.)

**Transports from the home by emergency medical services: a statewide study** (Weiss et al). 2000;36:S78 (Research Forum abst.)

**Ambulances; see also Air ambulances**

**Ambulatory care**

**Outpatient treatment of deep venous thrombosis: a clinical care pathway managed by the emergency department** (Vinson and Berman). 2000;36:S2 (Research Forum abst.)

**Ambulatory care facilities**

**Comparison between people reporting an emergency department as their usual source of care and people reporting a hospital outpatient clinic as their usual source of care** (Sarver and Cydulka). 2000;36:S1-S2 (Research Forum abst.)

**American College of Emergency Physicians**

**The CAL/ACEP Workforce Taskforce Registry: physician administrators and equitability of distribution of undesirable shifts** (Kazzi et al). 2000;36:S12 (Research Forum abst.)

**Emergency medicine and the debate over the uninsured: a report from the Task Force on Health Care and the Uninsured** (Cetta et al). 2000;36:243-6 (Health policy report)

**Proposed amendments to the bylaws of the American College of Emergency Physicians** (American College of Emergency Physicians). 2000;36:288-92 (Bylaws amendments)

**American College of Emergency Physicians; see also Policy statements**

**Amiodarone**

**A prospective, randomized controlled trial comparing the efficacy and safety of sotalol, amiodarone, and digoxin for the reversion of new-onset atrial fibrillation** (Joseph and Ward). 2000;36:1-9

**Amylases**

**Biochemical markers of pancreatitis: comparison of amylase versus lipase in predicting hospital admission** (Bebarta et al). 2000;36:S54 (Research Forum abst.)

**Analgesia**

**Comparison of efficacy of prochlorperazine versus droperidol for the treatment of migraine headaches in the emergency department** (Miner et al). 2000;36:S68-S69 (Research Forum abst.)

**Comparison of the analgesic efficacy of morphine with meperidine in acute biliary tract pain** (Barlas et al). 2000;36:S68 (Research Forum abst.)

**Correlates of emergency department analgesic use by race, age, gender, and severity: use of a national database** (Salen et al). 2000;36:S8 (Research Forum abst.)

**Effect of fentanyl on end-tidal carbon dioxide in air-transported patients** (Harrison et al). 2000;36:S53 (Research Forum abst.)

**Evaluation of parecoxib, a new injectable cyclooxygenase-2-specific inhibitor, for the treatment of pain** (Hubbard et al). 2000;36:S69 (Research Forum abst.)

**The Joint Commission on Accreditation of Healthcare Organizations pain initiative: are we meeting the standard?** (Todd et al). 2000;36:S68 (Research Forum abst.)

**Randomized study of rectal versus intravenous prochlorperazine for the relief of benign headache** (Smith et al). 2000;36:S69 (Research Forum abst.)

**Review of sedation analgesia for closed shoulder reduction in the emergency department: is it safe and effective?** (Swoboda and Munyak). 2000;36:S69 (Research Forum abst.)

**Ten challenges at the intersection of clinical research, evidence-based medicine, and pain relief** (Jadad and Cepeda). 2000;36:247-52 (Evidence-based emergency medicine)

**Trigger point injection for the treatment of cervical strain in the emergency department** (Kim et al). 2000;36:S69-S70 (Research Forum abst.)

**Anemia, sickle cell**

**Nurse-autonomous, protocol-driven emergency department observation centers improve 1-day discharge rates and reduce costs of admission for patients with sickle cell anemia pain crisis** (Jones and Robinson). 2000;36:S73-S74 (Research Forum abst.)

**Angioplasty**

**Is time of percutaneous transluminal coronary angioplasty for acute myocardial infarction dependent on mode of transportation to the emergency department?** (Kugler et al). 2000;36:S77 (Research Forum abst.)

**Primary angioplasty versus streptokinase in elderly patients with acute myocardial infarction: a randomized comparison** (Leite et al). 2000;36:S15 (Research Forum abst.)

**Animal**

**Can we justify historical control groups when using animal models?** (Angelos). 2000;36:622-4 (Editorial)

**Efficacy of the porcine model for demonstrating pericardial effusion with real-time ultrasound** (Epner et al). 2000;36:S22 (Research Forum abst.)

**Training of invasive resuscitation skills using a porcine model: response from participants** (Marquit et al). 2000;36:S60-S61 (Research Forum abst.)

**Annals of Emergency Medicine**

**The clinician and the medical literature: when can we take a shortcut?** (Wyer et al). 2000;36:149-55 (Evidence-based emergency medicine)

**Anoscopy**

**The utility of anoscopy and colonoscopy in the evaluation of male sexual assault victims** (Ernst et al). 2000;36:432-7

**Anoxia**

**Commercial airline travel—induced hypoxia in children** (Lee et al). 2000;36:S27 (Research Forum abst.)

**Anti-arrhythmia agents**

**Empiric lidocaine: déjà vu (all over again?)** (Cairns and Paradis). 2000;36:626-7 (Editorial)

**Intravenous propafenone for conversion of atrial fibrillation in the emergency department: a double-blind, placebo-controlled study** (Darawshie et al). 2000;36:S6 (Research Forum abst.)

**Lidocaine-induced conduction disturbance in patients with systemic hyperkalemia** (McLean et al). 2000;36:615-18 (Case report)

**Meta-analysis of the risk of torsades de pointes in patients treated with intravenous racemic sotalol** (Marill and Runge). 2000;36:S73 (Research Forum abst.)

**A prospective, randomized controlled trial comparing the efficacy and safety of sotalol, amiodarone, and digoxin for the reversion of new-onset atrial fibrillation** (Joseph and Ward). 2000;36:1-9

**Anti-asthmatic agents; see Asthma, drug therapy**

**Antibiotics**

**Antibiotic prescribing for patients with colds, upper respiratory tract infections, and bronchitis: a national study of hospital-based emergency departments** (Stone et al). 2000;36:320-7

**Antibiotics for bronchitis: a comparison of practices in an academic and a community emergency department** (Rodriguez et al). 2000;36:S87 (Research Forum abst.)

**Effects of choice of initial antibiotic and time to antibiotics on time to clinical stability in patients with community-acquired**

**pneumonia** (Garrett et al). 2000;36:S87 (Research Forum abst.)

**Glyburide-ciprofloxacin interaction with resistant hypoglycemia** (Roberge et al). 2000;36:160-3 (Case report)

**A survey to determine the prescription habits of emergency physicians in patients requiring cephalosporin treatment who have a history of penicillin-allergic reactions** (Salo et al). 2000;36:S15 (Research Forum abst.)

**Why did the chicken cross the road? ... to get the antibiotics** (Talan and Moran). 2000;36:353-5 (Editorial)

**Anticoagulants, poisoning**

**Long-acting anticoagulant overdose: brodifacoum kinetics and optimal vitamin K dosing** (Bruno et al). 2000;36:262-7 (Case report)

**Antidotes**

**Combined evidence-based literature analysis and consensus guidelines for stocking of emergency antidotes in the United States** (Dart et al). 2000;36:126-32

**Does aggressive use of rattlesnake antivenom result in serious acute complications?** (Offerman et al). 2000;36:S83 (Research Forum abst.)

**Octreotide: an antidote for sulfonyleurea-induced hypoglycemia** (McLaughlin et al). 2000;36:133-8

**Antiemetics**

**Antiemetic use in pediatric gastroenteritis: national survey of prescribing patterns of emergency physicians, pediatricians, and pediatric emergency physicians** (Kwon et al). 2000;36:S29 (Research Forum abst.)

**Intravenous lorazepam versus dimenhydrinate for treatment of vertigo in the emergency department: a randomized clinical trial** (Marill et al). 2000;36:310-19

**Phenothiazine use for vomiting in children with gastroenteritis** (Forstater et al). 2000;36:S29 (Research Forum abst.)

**Prochlorperazine versus promethazine for uncomplicated nausea and vomiting in the emergency department: a randomized, double-blind clinical trial** (Ernst et al). 2000;36:89-94

**A prospective, randomized, double-blind study comparing intravenous prochlorperazine delivered over a 15-minute infusion versus bolus administration to prevent akathisia in the emergency department** (Collins et al). 2000;36:S36 (Research Forum abst.)

**Antihistamines; see Histamine H<sub>1</sub> antagonists; Histamine H<sub>2</sub> antagonists**

**Antipyretics**

**Preliminary comparison of antipyretic medications in febrile pediatric patients** (Mace). 2000;36:S28 (Research Forum abst.)

**Antivenins**

**Does aggressive use of rattlesnake antivenom result in serious acute complications?** (Offerman et al). 2000;36:S83 (Research Forum abst.)

**Aortic aneurysm, abdominal**

**Can an emergency department ultrasound screening program identify abdominal aortic aneurysms in asymptomatic geriatric patients?** (Melanson et al). 2000;36:S21 (Research Forum abst.)

**Emergency department ultrasound scanning for abdominal aortic aneurysm: accessible, accurate, and advantageous** (Kuhn et al). 2000;36:219-23

**Appendectomy**

**Perforated appendicitis and negative appendectomy rates in the United States: an analysis using the Nationwide Inpatient Sample** (Ackerman et al). 2000;36:S7-S8 (Research Forum abst.)

**Appendicitis**

**Acute appendicitis in children: emergency department diagnosis and management** (Rothrock and Pagane). 2000;36:39-51 (State of the art)

**Impact of an emergency department guideline utilizing helical**

computed tomography in outcomes of patients with suspected appendicitis (Torbat et al). 2000;36:S41 (Research Forum abst.)

Perforated appendicitis and negative appendectomy rates in the United States: an analysis using the Nationwide Inpatient Sample (Ackerman et al). 2000;36:S7-S8 (Research Forum abst.)

**Arrhythmia**

Immediate countershock versus cardiopulmonary resuscitation before countershock in a 5-minute swine model of ventricular fibrillation arrest (Niemann et al). 2000;36:543-6

Lidocaine-induced conduction disturbance in patients with systemic hyperkalemia (McLean et al). 2000;36:615-18 (Case report)

**Arrhythmia; see also Anti-arrhythmia agents; Atrial fibrillation; Tachycardia**

**Ascorbic acid**

Effect of high and low dose of vitamin C on paraquat-induced lipid peroxidation (Suh et al). 2000;36:S84 (Research Forum abst.)

**Asian Americans**

Caveat emptor: revisited (Challoner and Liboon). 2000;36:S84 (Research Forum abst.)

**Aspirin**

Improving aspirin administration in ischemic chest pain (Davis and Syrett). 2000;36:S38 (Research Forum abst.)

**Asthma**

Asthma "action plans" and self-management knowledge in pediatric asthma (Reed et al). 2000;36:S27 (Research Forum abst.)
